TEACHING & SERVICE

Teaching Experience

Teaching Assistant, ECON 23000 Money and Banking, University of Chicago Sept 2025–Present
Chicago, IL

Led weekly discussion sections for undergraduate Money and Banking, reinforcing core monetary and banking concepts through interactive problem-solving sessions. Developed practice problems, held office hours, and graded problem sets and exams in coordination with Prof. Harald Uhlig.

Economics TA, Carleton Academic Support Center Jan 2019–June 2020
Northfield, MN

Planned and led review sessions for introductory Microeconomics and Macroeconomics. Facilitated problem-solving workshops to reinforce core concepts. Created annotated problem sets and summary sheets to clarify challenging topics. Coordinated with professors to align review content with lectures and exams.

Math Skills Center Tutor, Carleton Academic Support Center Jan 2019–June 2020
Northfield, MN

Tutored Linear Algebra and Calculus to individuals and small groups, translating abstract concepts and problem-solving techniques into accessible language. Guided students through proof-writing, computational methods, and applications, adapting instruction to different learning styles.

Service and Leadership

Founder & Coordinator, UChicago First-Year Economics Tutoring Program Jan 2024–Present
Chicago, IL

Designed and launched a peer tutoring program to support first-year PhD students in core coursework. Conducted needs assessment, developed program structure, and ran a pilot to test best practices. Recruit and coordinate tutors, schedule sessions, and oversee ongoing operations. Established the program as a funded recurring departmental resource.

Graduate Student Liaison, Economics Department Jan 2024–Aug 2025
Chicago, IL

Represent PhD student cohort in departmental decision-making and serve as primary point of communication between students and faculty. Coordinate graduate student activities, gather and convey feedback on program policies, and advocate for student needs.

Co-President, Carleton Women in Economics Club June 2018–June 2020
Northfield, MN

Organized events, initiated weekly meetings, and facilitated mentorship and networking for underrepresented students. Facilitated tutoring for struggling students.

RESEARCH EXPERIENCE

Graduate Student Research Assistant, Chang-tai Hsieh Oct 2024–Present
Chicago Booth School of Business

- Conducting a comprehensive literature review on modelling the welfare cost of misallocation from price controls.
- Contributing to the design and analysis of research on the impact of price controls in Venezuela.

Coauthor, Janet Currie, PhD May 2021–June 2024
Remote

- Coauthored a paper in the *American Journal of Health Economics* examining how administrative burdens affect Medicaid and CHIP enrollments.
- Developed a novel dataset on Medicaid policy changes from 2014–2019.
- Utilized advanced econometric techniques (e.g., Sun and Abraham; Callaway and Sant'Anna) to correct biases in two-way fixed effects models.
- Produced data visualizations and contributed extensively to manuscript preparation.

Research Associate, Federal Reserve Bank of St. Louis July 2020–July 2023
St. Louis, MO

- Coauthored a working paper with Dr. Bill Dupor on the labor market effects of pandemic unemployment benefits.
- Led data cleaning, regression modeling, and implemented a modified local projections approach.
- Contributed to 16 Federal Reserve publications targeting both policy makers and academic audiences.
- Conducted spectral analysis in collaboration with Dr. B. Ravikumar.
- Mentored interns and developed training modules on data visualization and coding.

Research Assistant, Janet Currie, PhD Jan 2020–May 2020
Remote

- Assisted with data visualizations and statistical summaries for a *Health Affairs* article.
- Synthesized literature on the costs and benefits of Medicaid expansions.

Research Assistant, Carleton Economics Department Jan 2019–June 2019
Northfield, MN

- Classified game theory experimental data based on participant intentions.

Intern, Joint U.S.-China Collaboration on Clean Energy Summer 2018
Shanghai, China

- Conducted qualitative research and interviews on environmental policy in China.
- Contributed to the development of a comprehensive book outline.

Threatened Species Assistant, Secretariat of the Pacific Environmental Programme Summer 2017
Apia, Samoa

- Conducted a review of Marine Species Action Plans for the Pacific through consultation with SPREP member states and Pacific intergovernmental organizations

PUBLICATIONS

- Iris Arbogast, Anna Chorniy, and Janet Currie, "Administrative Burden and Child Medicaid and CHIP Enrollments," *American Journal of Health Economics*, 2024, 10(2): 237–271.
